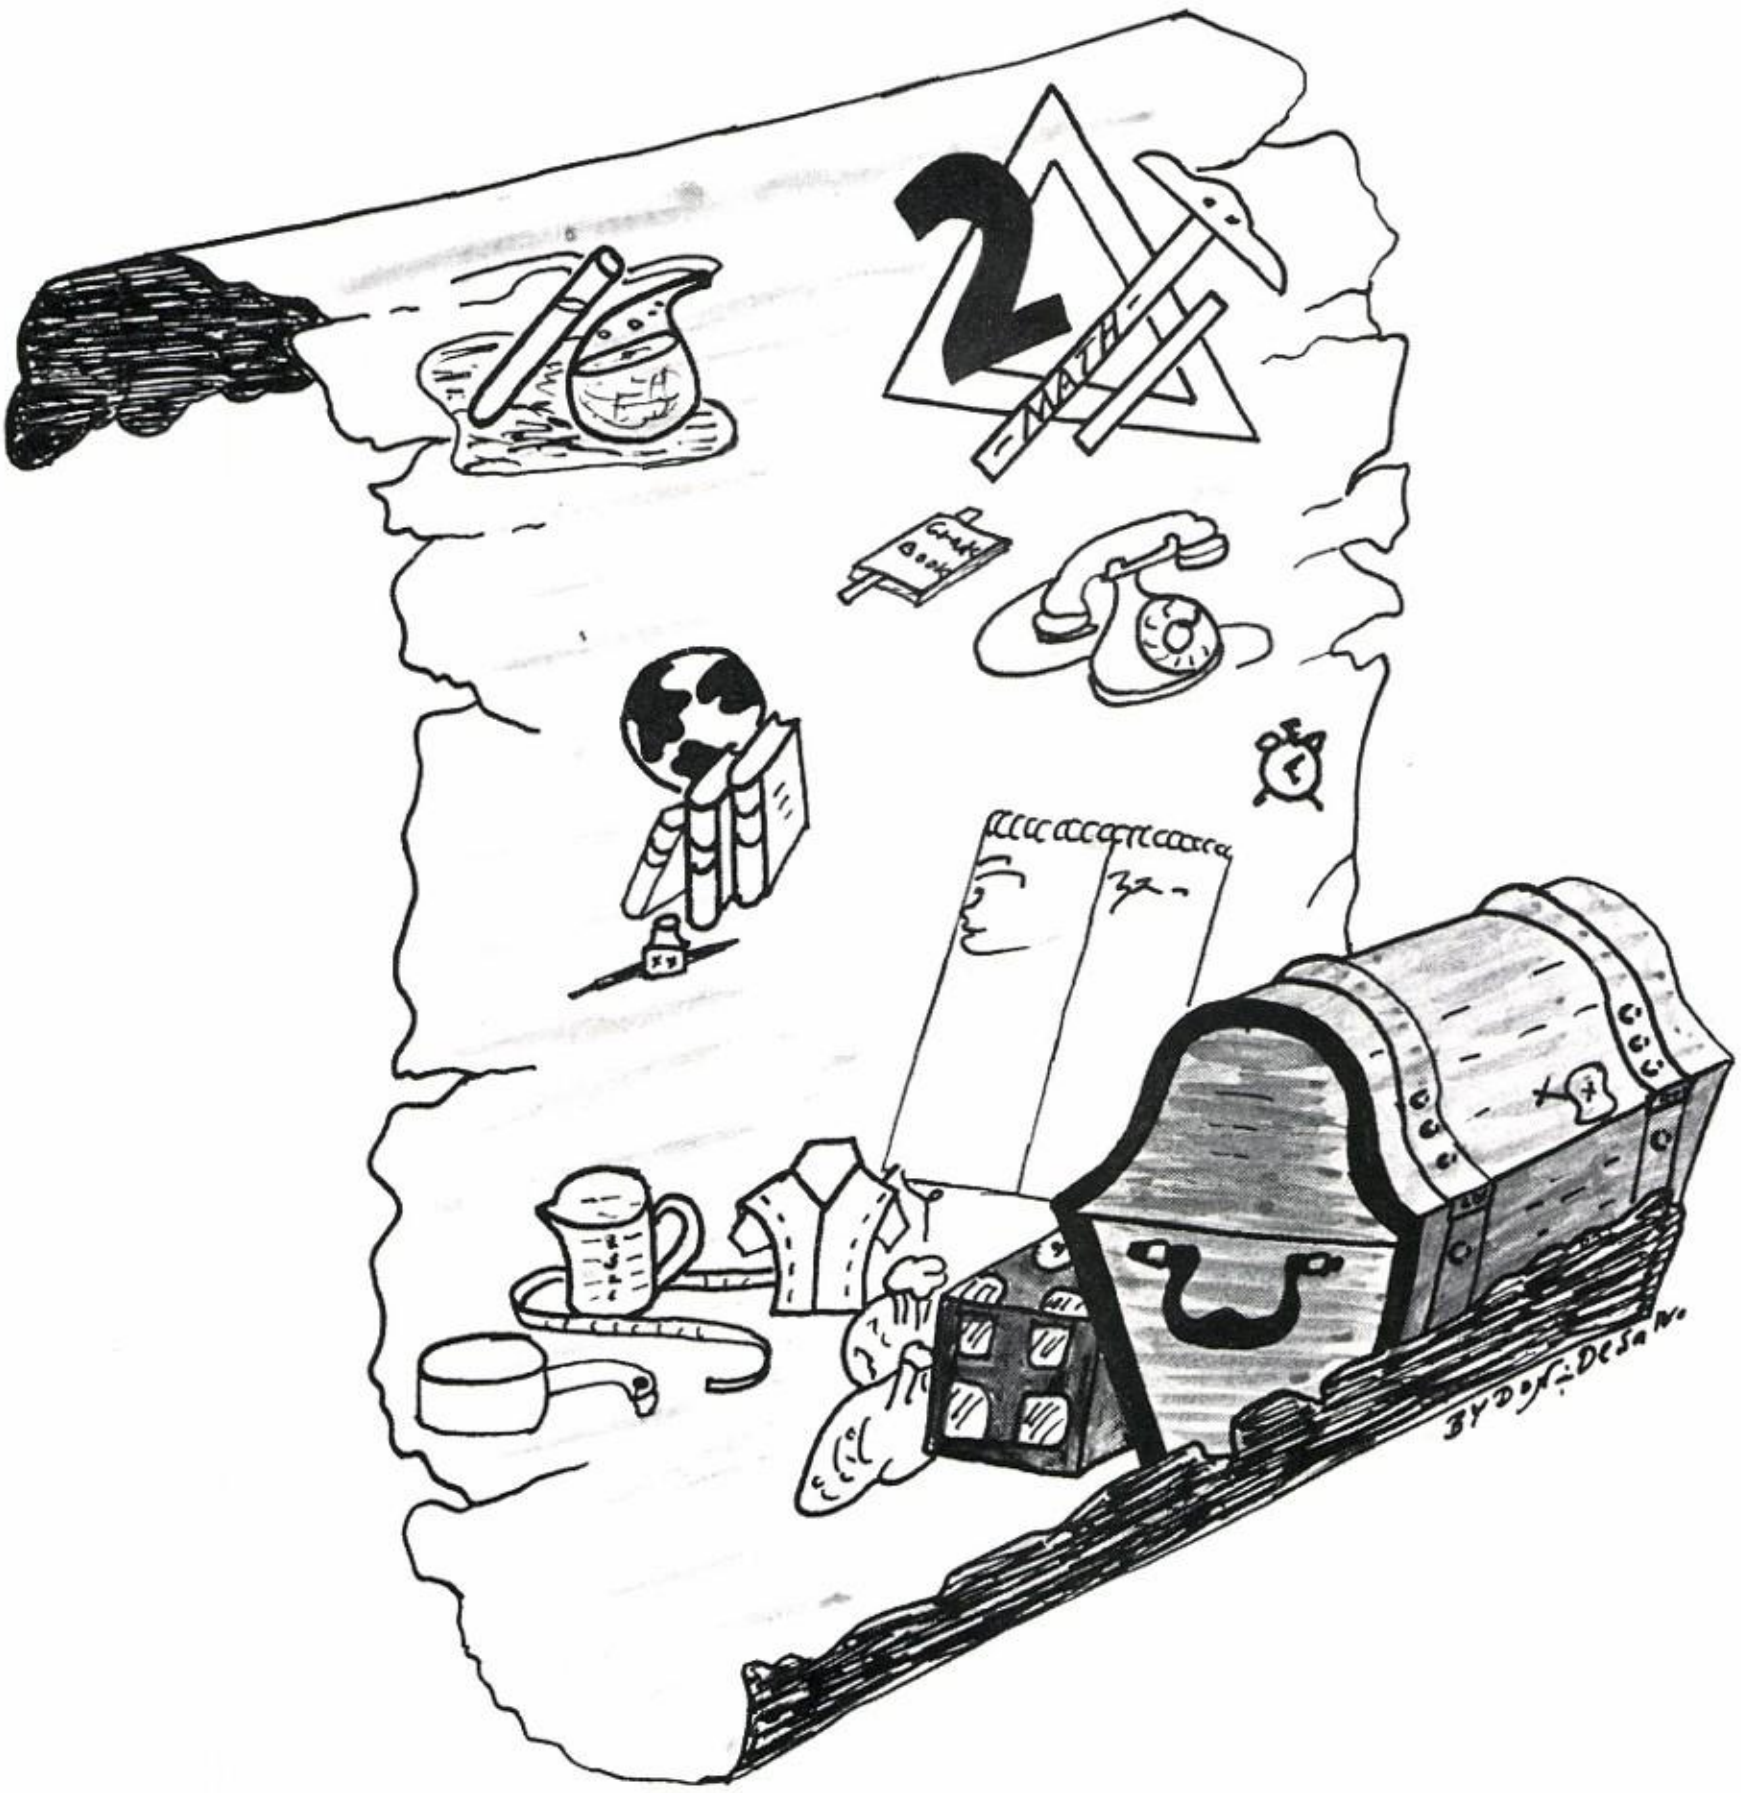
Dedication

We, the class of 1958, wish to dedicate our yearbook to our honored principal, Mr. Thompson. He has devoted thirty-eight years to the educating of young people.

During our years at North we have come to respect him. His kindness and love toward us will never be forgotten. We wish Mr. Thompson many more happy years here at North.



ADMINISTRATION

J. FRED ESSIG

Superintendent of Schools

It has been said that, "the Lord gave us memories so that we may have June roses in December." This yearbook is a collection of the happenings of your school days. As such it becomes a treasure chest of some of the most precious experiences of your life.

You will find as the years slip by that these remembrances tend to become brighter because of the record in this treasure chest. They will be among the brightest constellations of your experience.

Our wish for you is that the treasure chest of your memories may overflow with the richest joys that life can bestow upon you.

—J. FRED ESSIG
Superintendent of
Schools

STANTON W. SIMKINS

Assistant Superintendent

To the Class of 1958

Your treasure chest of high school memories holds many things dear to you, but none is quite so priceless perhaps as that of the friends you have made. As years go by and you reflect upon your high school moments with classmates, teachers, and parents, you will realize more and more that none of us is "sufficient unto himself" but that each of us influences the other. In your reflections and in your years ahead may you find an ever-deepening respect for your fellow man and a sincere desire to live peacefully and in harmony with your neighbor. That is my wish for you as you achieve your graduation. Congratulations and Godspeed to each of you in the goals you will have set.

C. V. THOMPSON

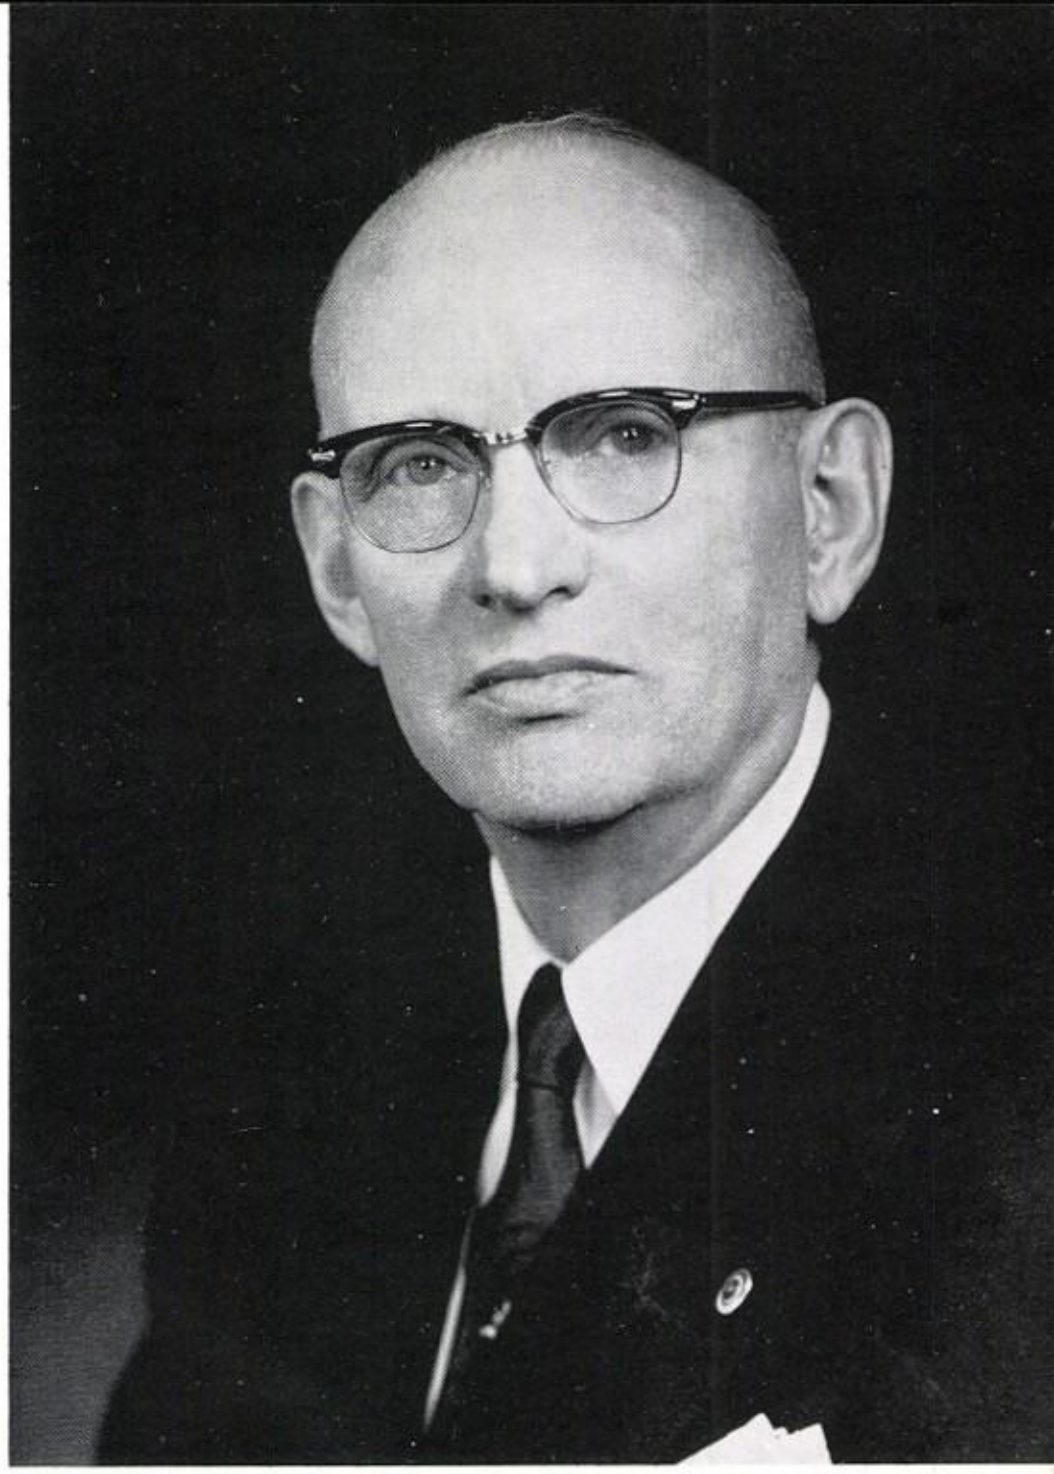
Principal

I am sure the Class of '58 has many happy moments to remember. On the wings of imagination we relive our former experiences. Most of them are pleasant but some, perhaps, we would as soon forget. However, they are a part of the inexorable past and, like the laws of the Medes and the Persians, they cannot change.

But the future is different! Its pages are still blank and we may write on them what we will. I sincerely hope the experiences and great moments which have been yours while students at North High School will help you to inscribe on the pages of the history of your future bright stories of service, happiness, and success.

I assure you that your sojourn here in high school has afforded me many pleasant moments and hours to remember.

—C. V. THOMPSON



MICHAEL MITCHELL

Assistant Principal

May I take this opportunity to congratulate the members of the 1958 graduating class. As you go forth into various fields of endeavor, you will often dip into your treasure chest of memories and relive your high school experiences.

The class of 1958 is indeed fortunate in that one of these memories will include a man who has served many years as assistant principal and this year as principal. His wealth of experience and guiding hand will go far in helping to mold you into useful and outstanding citizens. Our memories will be much richer as a result of our associations with Mr. Thompson.

My associations with your class during my first year at North High School have been most pleasant, and I trust all your memories will be both pleasant and cherished.

WELL DONE, GRADUATE

With graduation, the class of '58 will suddenly turn from a well-knit group, working together, into individuals, each going his separate way. Some of you will meet only at class reunion. Some of you may never meet again.

Together you have done much. You have put together this yearbook, you have made your mark on the gridiron and basektball court. You have made your school better for your having been there.

Apart, may you each be as successful as your class has been as a whole. In college, in marriage, on the job, in life, may your job again be . . . well done.
